Grimaud is located in the south-east of France, in the Var department, along the Mediterranean Sea.

The municipality is renowned for:

- Its ancient and authentic Provençal village,
- The remains of its medieval castle,
- Port Grimaud, its lakeside town and marina, nicknamed the «Little Venice of Provence»,
- Its proximity to the natural landscapes of the Maures mountain range and the Mediterranean Sea,
- The quality and variety of its cultural and event programming.

It is part of the Gulf of Saint-Tropez area.

The 12 municipalities that make up this region each offer their own distinct landscapes and activities.

You can discover a selection of the services and facilities declared accessible by these municipalities at the following link:

<https://www.grimaud-provence.com/pratique/tourisme-et-handicap/>

Due to its historic nature, Grimaud village does not always allow for optimal accessibility. We have listed the streets that are accessible to people with reduced mobility, either independently or with assistance (see the map on page 43).

Have a wonderful stay in Grimaud!

HOLIDAY RENTALS

Holiday rentals—apartments, houses, gîtes (country houses), and other accommodations rented entirely by the week or for the weekend—form a diverse accommodation offer in Grimaud.

Given the large number of properties, providing an exhaustive list in a printed brochure is particularly complex. This is why we recommend visiting our website to access the full and up-to-date listings. Each property listing includes a detailed description, which includes accessibility features whenever they have been provided by the owner.

This will give you a clear overview of the options that best match your needs, allowing you to choose your ideal stay with peace of mind.
