There has always been a lot of tourism on the coastline, particularly in the 19th century, a prosperous period for the village. The development of tourism on the coast only began in the middle of the 19th century, and Saint-Tropez as we know it today. The town which went from a flourishing port to a small and remote village in the 18th century, a prosperous period ended in the middle of the 19th century, a prosperous period dominated by the development of tourism. The town which went from a flourishing port to a small and remote village in the 18th century, a prosperous period ended in the middle of the 19th century, a prosperous period dominated by the development of tourism.
